### PROFILE

Driven Software Engineering undergraduate at SLIIT, with hands-on experience in full-stack development (MERN, Java, Android). Adept at building real-world applications, working in agile teams, and continuously learning to solve complex software problems efficiently.

### EDUCATION

- BSc (Hons) in Information Technology — Specializing in Software Engineering**  
Faculty of Computing, SLIIT — 2023–Present
- G.C.E Advanced Level (Maths Stream) — 2022 (2023)**  
Richmond College Galle

### PROJECT HIGHLIGHTS

- SLSBA Website — MERN Stack**  
Developed a full-stack platform for tournament and finance management for the Sri Lanka Schools Badminton Association. Included secure login, registration handling, admin dashboards, and payment tracking.
- Live Cricket Scoring System (Android + iOS) — Kotlin, Swift, Firebase**  
Developed a cross-platform live scoring solution for cricket matches. The Android app (Kotlin) enabled match creation, player selection, and real-time score input, while the iOS viewer app (Swift) displayed live scores, overs, and player stats with Firebase synchronization.
- FIA Minerals Website — React.js, Tailwind CSS, Vite**  
Built a responsive, SEO-optimized business website for a Sri Lankan quartz exporter with product catalog and contact integration.
- FrontyardCricket — React.js, Vite, Tailwind, MongoDB, Express**  
Cricket statistics platform supporting player tracking, performance visualization, and full CRUD operations.
- Stock Management System — Java (Servlets & JSP), MySQL**  
Designed and implemented a system for inventory control, order processing, and supplier management.

### EXPERIENCE

- Social Media & Technical Manager — Sri Lanka Schools Badminton Association  
2022 – 2024
- Lead tech coordination during national-level badminton events.
- Live Production Team Member — Richmond College Galle  
2019 – Present
- Social media content and handled live production for school events.
